IMG Americas Announces SAP® Business One Partnership with SAP America, Inc.

*IMG to Provide Worldwide SAP Business One Implementation Services and
Distribution in the United States*

San Antonio, Texas— January 30, 2006 — The Information Management Group (IMG), a provider of innovative business engineering services today announced it is a partner for SAP® Business One, SAP’s affordable integrated business management solution designed specifically to meet the needs of small and midsize enterprise. The agreement allows IMG Americas to provide implementation services for SAP Business One and designates the company as an authorized reseller of SAP Business One in the United States. SAP Business One is an affordable and integrated business management solution for small and midsize enterprises (SMEs) as well as subsidiaries of large enterprises. The announcement was made at the annual SAP Field Kickoff Meeting (FKOM) being held at the Gonzalez Convention Center in San Antonio, Texas (January 29 – February 1).

Headquartered outside of Philadelphia with regional offices throughout the United States, IMG Americas is teaming closely with SAP to respond to a growing need of SMEs to gain and maintain competitive operating advantages using SAP Business One. IMG has an international footprint that extends to 20 offices around the world staffed with over 600 consultants with SAP-specific expertise and is part of a selected partner network delivering implementation services for SAP Business One.

“We’ve worked with SAP for many years and have a proven track record of successful SAP implementations around the world,” noted Klaus Schottenhamel, president and CEO of IMG Americas, Inc. “Our deep understanding of SAP Business One integration in mySAP™ Business Suite and SAP® R/3 environments combined with our business engineering methodologies deliver real value to large-enterprise SAP customers who want to deploy SAP Business One at subsidiaries.”

Designed to be easy-to-use and implement, SAP Business One supports companies with as few as 10 and as many as several hundred employees and can provide a time-to-benefit in just a few weeks. Delivering a single unified solution, SAP Business One automates and streamlines critical business processes including finance, purchasing, manufacturing, banking, complete inventory management, warehouse management, sales force automation and customer relationship management.

“We see that large enterprises running mySAP Business Suite are increasingly leveraging the cost efficiencies and business productivity gained by deploying SAP Business One at their smaller subsidiaries and operating locations,” noted Larry Perlov, vice president for IMG Americas. “Our partnership with SAP America enables us to extend these business benefits to SAP customers worldwide.”

IMG’s agreement with SAP also designates IMG Americas as an authorized distributor of SAP Business One in North America. “Our distribution and partnership agreement with IMG provides a streamlined and effective deployment path for global SAP customers adopting SAP Business One through their headquarters in the United States,” said Michael Sotnick, senior vice president, Small and Midsize Enterprise, SAP America, Inc. “With experienced partners like IMG we will continue to extend our market reach and service offerings to customers with a global presence.”
